Spartanburg Water Receives Awards from S.C. DHEC

On October 8, 2008 Spartanburg Water received the S.C. Area Wide Optimization Award (AWOP) from the state Department of Health and Environmental Control (DHEC).

AWOP is an effort to optimize the performance of existing surface water treatment facilities. The goal of the program is to optimize particle removal and disinfection at all filtration plants to maximize public health protection. The awards were presented to the Landrum, R.B. Simms and Blalock Treatment Facilities for meeting the established performance criteria for sedimentation and clarification and for filtration.

Spartanburg Water – an Award Winning Utility
