Spartanburg Sanitary Sewer District (SSSD) received 11 *Facility Excellence Awards* from the South Carolina Department of Health and Environmental Control at the 2008 South Carolina Environmental Conference sponsored by the Water Environment Association of South Carolina and the American Water Works Association's South Carolina Section. The award is given to a treatment facility "in recognition of facility personnel who are striving for excellence in the protection of the environment and are meeting or exceeding customer expectations".

The facilities that received *Facility Excellence Awards* are:

Idlewood	R.B. Simms	Carolina Country Club	Fingerville
Pacolet Mills	Cowpens	Clifton Converse	South Tyger River
Page Creek	Fairforest	Lower North Tyger River	

The 11 awards represent every SSSD facility that was eligible for an award. The receipt of these awards is a great honor. It is a testimonial to the hard work and commitment of the Operations staff and to the unfailing support of all the departments, staff, and management of Spartanburg Water to be good stewards of the environment and to protect public health.
